

Community Advisory Group (CAG)
Libby Asbestos Superfund Site

May 12, 2010 6:00 – 8:00 PM

St. John's Hospital Conference Center (old church - River side of the Hospital)

SESSION OBJECTIVES

1. Catching up...
2. Continued discussion:
 - Libby "Symposium"
 - Possible community ombudsman.
3. Facilitator's questions – How do we increase attendance/involvement in CAG?
4. Expand the calendar.

AGENDA ITEMS

- Getting started:
 - Session objectives and agenda review; "signing in"
 - Quick reminder about the CAG governance framework
 - Approving the April meeting summary
- Catching up...
 - What's happened in the community (Libby and Troy) since April 19?
 - Reports from April assignments
 - Site and process updates from EPA and DEQ
- Beginning discussion - CAG Goal 1: Develop common goals with DEQ and where appropriate, EPA
- Continued discussion – CAG Goal 4: In conjunction with the County Health Board, sponsor an EPA funded national symposium in Libby to review current/new science and assure that the most current science and data are used as the Proposed Plan moves forward:
 - Coming to agreement on a symposium purpose
 - Possible topics/important questions for discussion
 - Expectations/concerns of CAG, EPA and DEQ
 - Potential cost and funding/roles/responsibilities/logistics
 - Next steps – Tasks and assignments
- Continued discussion – CAG Goal 3 - Establish an EPA funded ombudsman to be a go-between for homeowners and EPA/DEQ for cleanup issues:
 - How might the job be defined?
 - What's possible? What's not?
 - Where do we go from here?
- Discussion question from the facilitator – How do we increase attendance/involvement in CAG?
- Scheduling meetings through 2010
